Who's Building? Who's Buying? Who Owes Money? – Fresh Information So You Can Use It!

JOHNSON COUNTY MORTGAGE FORECLOSURES AND OTHER REAL ESTATE CASES

The following listings are new mortgage foreclosure and other real estate cases filed in Johnson County District Court. Detailed information is available from the court records. The case number is listed with each case listing. The "Case Title" does not necessarily list all litigants in the case. Rather, as is customary in referring to court cases, the exclusive purpose of the case title is for nominal identification of the case, in addition to the case number.

NEW HOMEOWNERS

Includes new homeowners in the Kansas counties of Johnson, Wyandotte, Leavenworth, Douglas, Shawnee, Sedgwick, Riley, Butler and Lyon as well as the Missouri counties of Jackson, Platte and Cass, based on recorded warranty deeds. Listed by the mortgage amount within each zip code, for your convenience. The transactions with the largest mortgages are at the top of each zip code, and the smallest are at the bottom.

The listings in this section consist of recorded warranty deeds and mortgages (trust deeds in Missouri), which are generally, but are not always, descriptive of the same property transaction. Refinancings are not knowingly included. These listings include residential property transactions (hence the above reference to "new homeowners") but also include commercial and other transactions. Generally, the grantor of a property is the seller, and the grantee is the buyer.
